

Efrain Yoel Nieman

AI Implementation Engineer

San Miguel de Tucumán, Argentina | +54 9 381 587 7513 | eynieman@gmail.com | linkedin.com/in/eynieman

PROFESSIONAL SUMMARY

AI Implementation Engineer in training, with hands-on certifications in generative AI, LLMs, Retrieval-Augmented Generation (RAG), and agentic systems from IBM, Vanderbilt University, and Google. Skilled in Python, LangChain, and RAG for building and integrating AI-powered solutions, complemented by foundational exposure to web development (HTML, CSS, JavaScript, React) through a front-end internship.

CORE SKILLS

AI & LLM Engineering: Python, LangChain, Retrieval-Augmented Generation (RAG), Agentic AI / Agent Architecture, AI App Building (Google AI Studio, Claude Code), Pandas, NumPy, REST APIs

DevOps & Tools: Git

Data & Databases: SQL Server, MySQL

Methodologies: Agile, Scrum

Web Development: HTML, CSS, JavaScript

PROFESSIONAL EXPERIENCE

Front-End Development Internship

Mar 2022 – Oct 2022

Sana Digital

- Gained hands-on exposure to a live front-end codebase (HTML, CSS, JavaScript, React) under senior developer guidance.
- Assisted with minor UI adjustments and bug fixes as part of an agile development team.
- Learned collaborative development practices, including code review and version control workflows.

EDUCATION

RollingCode School

2020 – 2021

Full Stack Web Developer, Web Page, Digital/Multimedia and Information Resources Design

CERTIFICATIONS

Generative AI Strategic Leader — Specialization

Vanderbilt University, via Coursera

Skills: Agentic AI, AI Agent Architecture

IBM Generative AI Engineering — Professional Certificate

IBM, via Coursera

Skills: Python, LangChain, Retrieval-Augmented Generation (RAG)

IBM Data Analyst — Professional Certificate

IBM, via Coursera

Skills: Python (Pandas, NumPy), REST APIs

Google AI — Professional Certificate

Google, via Coursera

Skills: AI App Building (vibe coding, Google AI Studio)

Generative AI Data Analyst — Specialization

Vanderbilt University, via Coursera

Generative AI Leader — Specialization

Google Cloud, via Coursera
